

*Illuminate the ordinary
to make it extraordinary.*

Light up your world and see its true beauty with Prism[®] by Simonton Patio Doors. The majestic view from a Patio Door will bring the outside in, while the advanced design features will protect your home against Mother Nature's wrath. And with a multitude of options and styles you can easily find a door to transform your home into a showplace.

Features

- A Strong Construction** The mechanically fastened frame creates a sturdy, weather-resistant unit, while fusion-welded panels effectively stop air and water infiltration.
- B Premium Vinyl** Virtually maintenance-free the color is molded throughout the vinyl for long lasting beauty.
- C Added Insulation** Multiple-chambered profiles increase strength and thermal performance.
- D Weather Barrier** Fully interlocking meeting rail and multiple fin seal weatherstripping reduce air and water infiltration.
- E Double-Strength Tempered Glass** Extra thick glass increases strength and safety.
- F Safe and Secure** Multi-point locking system safely secures panel at multiple points with one easy-to-use handle and features an external keyed lock so the door can be secured from the outside
- G Functional Design** Low rise pocket sill offers superior structural performance.

Smooth Operation Corrosion-resistant* rollers and sill track provide consistently smooth operation for the lifetime of the door.

Element Protection Preferred for coastal applications, optional stainless steel rollers offer increased corrosion resistance.

Peace of Mind A comprehensive Double-Lifetime Limited Warranty covers vinyl, hardware, screens and insulating glass units.

*Corrosion-resistant refers to use in normal weather conditions without excess salt and debris in the atmosphere. Corrosion of rollers may occur in coastal applications or in areas with extreme fluctuations in weather patterns.

Grid Styles

Flat

Sculptured

Color-matched flat and sculptured grids are available Colonial, Prairie and Perimeter patterns. Diamond pattern is only available with flat grids. Products with exterior color are only available with sculptured grids.

Prism® Platinum Patio Doors can be ordered to meet ENERGY STAR® performance levels across the country with Simonton's ENERGY STAR glass packages for the Northern, North-Central, South-Central and Southern regions

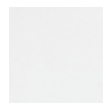

Cardinal's LoE³-366® is an advanced, spectrally selective glass that offers the ultimate in solar heat control, fading protection, visibility and energy savings. The 12-layer patented formula features three layers of silver for maximum insulation.
